<Attire:>

Ballet classes: leotard, pink tights, with hair up in ballet bun. (short hair clipped back out of face)

Contemporary Pre-k thru 3rd grade classes: leotard and pink ballet slippers. Hair needs to be up in any way.

Contemporary 4th grade class: Jazz shoes. Body-tight clothes (ideally leotard with leggings but can wear tank top with shorts pants or leggings). No baggy t-shirts or pants. Hair needs to be up.

Contemporary 5th grade and up: contemporary dance style requires students to have toe pads/ foot paws, body tight clothes/tank top with tight short pants or leggings. No baggy t-shirts or pants. Hair needs to be up.

Hip Hop classes: comfortable clothes and sneakers. No sandals.

**** Please be on time and ensure your child is dressed and ready for dance, or come a few minutes early so they can get ready ahead of time at the studio. ****

<What is unique about the DancEsteem program?>

MoBu Dance Studio's DancEsteem program goals are to provide our dancers with the opportunity to:

- **learn all-around foundations of dance technique**
- **experiment with creativity**
- **dance together in a positive environment that fosters strength and self-confidence, and**
- **encourage mentorship by offering older students the opportunity to TA and support younger dancers**

The experience in the classroom differs by grade based on the developmental stages of each age group. For all grades, the program includes to varying degrees exposure to creative dance and improvisation. The upper grades focus on contemporary; these dancers begin to learn and practice choreography with increasing independence as they get older.

[Pre-k](#) students begin by learning the foundations of dance, which we believe should be fun, while learning coordination of the body and positive experiences with movement and creativity alongside basic technique for young beginner dancers.

[Kindergarten and first grade](#) students begin to learn the foundations of ballet and creative movement.

[2nd grade](#) students are introduced to pop dance.

[3rd grade](#) students are introduced to modern dance.

[4th grade](#) students are introduced to jazz dance.

[5th and up](#) focus on contemporary dance. The elements of choreography are introduced with increasing levels based on age group.

*DancEsteem also offers Ballet and Hip Hop classes that are specific to and focus exclusively on those dance methods.

<International Dance Exchange:>

Our world is getting smaller, and dance is a good way to discover the world and bring greater understanding among people. For that reason DancEsteem also participates in several international dance programs.

- For 6th graders and up who have discussed interest with Takami, there is The *Japan Cultural Exchange* (this exchange happens more or less every other year)
- For Teens, also in consultation with Takami, there is potential to participate in the *Prague International Dance Festival & the Mexico Cultural Exchange* (these happen when possible every other or every two years)
